

# Onsite Decommissioning for HPE Asset Upcycling Services

HPE Financial Services delivers peace of mind and convenience for customers engaged in the circular economy

HPE Financial Services can help customers find new ways to plan for, acquire, consume and sustainably retire the technology needed for digital transformation.

The proper removal of aging assets is critical to help ensure maximum capital return with HPE Asset Upcycling Services. But organizations can often feel overwhelmed with managing logistics, ensuring data security, and adhering to an extensive list of regulations associated with technology systems removal.

With over 20 years of asset management experience, HPE Financial Services understands and can help ensure your IT assets are properly and securely retired for upcycling with Onsite Decommissioning services.

focus on what matters—innovation and driving your business forward.
