

I loved MultiVision from start to finish!

Natalie & Luke

Married on: October 17, 2009

**“We met with Susan,
and fell in love.”**

She's awesome! We really liked the videos she showed us, and knew we didn't have to search any further.

On our wedding day, we were definitely not disappointed. Greg was awesome! At one point during my husband and my first seeing each other, I realized I forgot to bring the cufflinks I bought for Luke as a surprise. Greg somehow was able to tell that I realized I forgot them, and he went and got them for me! My husband had no clue what was going on, I'm really thankful to Greg for that.

When we got back from our honeymoon our raw footage was ready. We had sooooo many laughs watching it. It was great to see everything that happened that day, all of our guests dancing, laughing, having a great time.
