

MP 4002/MP 5002

Customize workflow for one-of-a-kind performance

Enhance a wider range of everyday document management tasks with a versatile, black-and-white multifunctional device that offers exceptional convenience, security and efficiency

Designed to maximize productivity, minimize costs

Greater workloads. Fewer resources. Less time. Your business challenges are constantly changing, so choose the LANIER® MP 4002/MP 5002 digital imaging system to stay ahead of the competition. The services-led platform of these 40-ppm and 50-ppm black-and-white multifunctional devices offers a customizable control panel, access to cloud-based solutions and support for user mobility with secure mobile printing capabilities.

The powerful Lanier MP 4002/MP 5002 combines advanced copy, print, scan and fax capabilities in a sleek, intuitive design to streamline everyday document management tasks and enhance office productivity. Advanced device management integration with Lanier workflow solutions and customized interactivity support your unique business requirements. In addition, you can easily integrate the system into our Managed Document Services (MDS) strategy for productive, cost-effective performance throughout your enterprise.

Powerful Performance

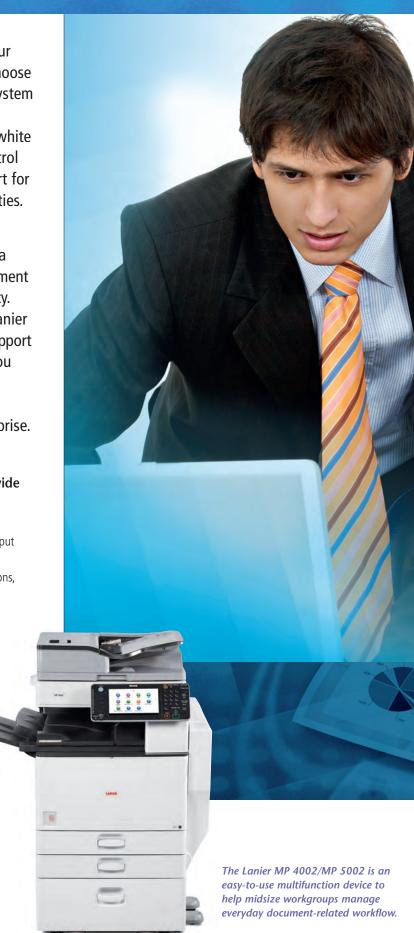

The impressive Lanier MP 4002/MP 5002 delivers a wide range of advanced capabilities for reliable document management that improves workgroup productivity.

- Print and copy up to 50 pages-per-minute for exceptional throughput to meet your busiest demands.
- Add the final touches to your documents with three finishing options, including a 2,000-Sheet Booklet Finisher.
- Use Auto Job Promotion to minimize downtime and maximize efficiency. This feature moves print jobs higher in the queue to skip "error" print jobs.

Flexible Printing and Network Functionality

Enjoy full compatibility throughout the office with a host of network capabilities engineered to enhance efficiency.

• Print from most manufacturers' smartphones and tablets using the new RICOH Smart Device Print&Scan app which enables quick and easy mobile printing without the need to configure a driver.

Set specific print times with Scheduled Print to minimize network traffic congestion during busy office hours.

Insert a USB/SD card and print documents directly from the Lanier MP 4002/MP 5002 for incredible convenience at any time.

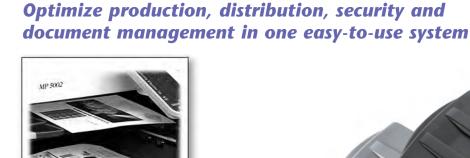

- Take advantage of 1 GB RAM and a 128 GB Hard Disk Drive (HDD) to store and manage more documents.
- Generate output at the device using a USB memory or SD card for incredible convenience and flexibility. Users can insert the card into a slot on the operation panel to begin printing in seconds—no computer is necessary.
- Ensure efficient production of reports, presentations and training materials with standard support for PCL or optional Adobe® PostScript® 3™.

Convenient Scanning and Distribution

Improve the way your organization shares documents and simplify workflow, reduce costs and facilitate effective communications.

- Scan full-color or black-and-white originals and share them instantly with Scan-to-Email/Folder/HDD.
- Preview files on the control panel before printing from a USB/SD Card for quality assurance prior to distribution.
- Access LDAP-registered directories and information, including Home Directory, quickly with one-touch operation at the device for fast, convenient scanning and easier, cost-effective administration.
- Compress file sizes of full-color scans with the High Compression PDF function and produce quality results with faster distribution.

Everything you need for every task you do

Inner One-Bin Tray (Optional) Provides a cost-effective way to

separate copy, print and fax output.

Professional In-line Finishing Capabilities

Choose finishing options to design and complete end-to-end document production that encourages more productivity for more profitability. Lanier MP 4002/MP 5002 finishing options include:

1,000-Sheet Finisher

Holds up to 1,000 sheets of 8.5" x 11" or smaller and 20 lb. Bond (500 sheets of 8.5" x 14" or larger) and offers automatic three-position stapling.

2,000-Sheet Booklet/Saddle Stitch Finisher

Staples documents automatically to produce professional-grade booklets with a variety of staple positions and optional 2- or 3-hole punching.

3,000-Sheet Multi-Tray Finisher

Enhances productivity, convenience and versatility with high-capacity trays, optional 2- or 3-hole punching and multi-position stapling for a wide range of paper weights and sizes.

1,000-Sheet Finisher

Dual 550-Sheet Paper Trays

Increases productivity and efficiency by reducing paper reloads.

Two 550-Sheet Tray Paper Bank (Optional)

Holds up to five different sizes and orientations of paper for maximum versatility.

2,000-Sheet (Letter-Sized) Large **Capacity Tray (Optional/Not Shown)**

Over/Underhand-Grip Tray Handles and Easy-Open Trays

Ensures effortless paper loading for all users.

Standard paper sources include two 550-sheet

trays and optional paper sources, increasing

total capacity to 4,400 sheets. Enhance

performance with optional faxing.

100-Sheet Automatic Reversing **Document Feeder (ARDF)**

Handles multi-page and double-sided originals up to 11" x 17".

The user-friendly, adjustable control panel includes a customizable Home Screen to minimize steps and expedite operations.

100-Sheet Stack Bypass

Holds a range of paper types and weights up to 58 lb. (216 gsm) Bond.

Large Capacity Tray (Optional)

Contains an additional 1,200 letter-sized sheets to maintain operations with minimal user intervention during large jobs.

Easy-to-Replace Toner Cartridge

Ensures quick replacement of toner and minimizes maintenance time.

Automatic Stackless Duplexing

Produces two-sided booklets, brochures and more while reducing paper usage by half.

Document Server

Stores up to 3,000 frequently used documents for instant reprinting, refaxing or redistribution.

Move workflow and your business forward

User-Friendly Operations

The Lanier MP 4002/MP 5002 offers a sleek, streamlined style that simplifies user interaction and accessibility to its feature-rich offerings.

- Access functions quickly and easily with the full-color, tiltable operation panel.
- Customize your personal Home Screen and display only the icons you use most frequently for fast, one-step operation.
- Assign functions and preferences with five, one-touch function keys for more effective workflow.
- Set up an external keyboard via USB to expedite operating tasks for users who are more comfortable with traditional keyboard input.

Document Security and Integrity

The Lanier MP 4002/MP 5002 incorporates a host of state-ofthe-art security features to help protect critical information at every stage of the document lifecycle.

- Overwrite all stored data on the hard disk drive and encrypt the address book, authentication information and stored documents using standard HDD overwrite/encryption.
- Secure and destroy latent images and data from the system's internal HDD with the standard DataOverwriteSecurity System (DOSS).
- Prevent unauthorized access to certain functions with password-protected and user-specific authentication.
- Store print jobs at the device until an authorized user swipes an ID card or enters ID information at the control panel to release the job.
- Stop unauthorized duplication of sensitive documents with Unauthorized Copy Control—a critical feature for workgroups that regularly handle sensitive data.

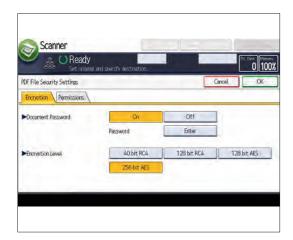

Next-Generation Faxing

Reduce costs and minimize transmission time with impressive fax capabilities that provide a cost-effective option for distributing documents.

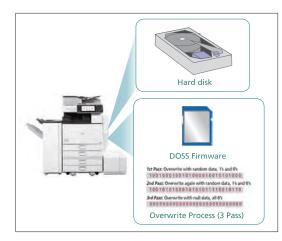

- Take advantage of up to three analog lines with the Super G3 modem to improve total fax capacity and minimize bottlenecks.
- Distribute documents directly to e-mail addresses and eliminate long-distance costs with Internet Fax capabilities.
- Forward inbound faxes to e-mail addresses, network folders or the system's HDD* for easy, fast and free paperless faxing.

Each user can access a personal Home Screen on the operation panel that displays only frequently used icons for fast, easy access to core everyday functions.

Prevent unauthorized users from obtaining critical information with robust safety encryption algorithms, including AES256bit and SHA-2.

Protect the integrity of data stored on the hard disk drive for the life of the device with HDD overwrite/encryption.

Easy, Efficient Administration

User-friendly management tools simplify administrative tasks, including maintenance and monitoring, while fostering more efficient operations.

- Reduce the amount of unnecessary output by establishing print and copy quotas for up to 1,000 individual users.
- Configure system settings and address books and check device status with Web Image Monitor.
- Ensure optimal system performance with remote firmware upgrades.
- Enhance your organization's workflow and take advantage of Lanier's Embedded Software Architecture with Lanier applications.

User-Friendly Management

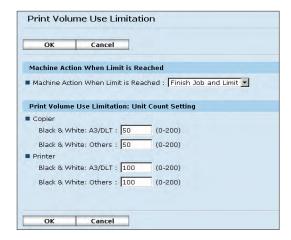

Make every administrator's life easier with intuitive tools for system management, device monitoring, troubleshooting and other tasks.

- Configure system settings, address books and more with Web Image Monitor.
- Manage multiple Lanier devices remotely with Web SmartDeviceMonitor*.
- Request alerts for low supplies or error detection with Auto E-mail Notification.
- Automate service calls with the available @Remote[™] service, which can be configured to notify service and supply alerts.

Sustainable Efficiency

Conserve energy and paper resources while boosting productivity. Lanier has incorporated a variety of environmentally-friendly features that conserve time and money.

- Reduce paper consumption by printing double-sided documents and reducing output by up to half—with standard easy-to-use, high-performance automatic duplexing for copying and printing.
- Start printing and copying quickly. The Lanier MP 4002/MP 5002 recover from Sleep Mode in less than 11/15 seconds.

Minimize total cost of ownership, promote environmental stewardship and help free up IT resources with Quota Setting.

Visualize cost and paper resources by displaying the Eco-Friendly indicator, showing users the percentage of paper reduction achieved.

The Total Green Office Solution

Lanier continues its long-standing commitment to developing office solutions with environmentally friendly and superior energy- and supply-saving features, without compromising productivity.
