LATITUDE™

LATERAL FILES, SPECIALTY LATERALS, FILECENTERS®

All Great Openings products include a Lifetime Warranty and meet or exceed ANSI-BIFMA standards for durability and safety. We are an ISO 9001 certified manufacturer.

Features:

- Eleven drawer front options.
- Rigid all-welded steel construction is formed in key areas for strength. Inner frame consists of 18-21 gauge. Exterior panel/fronts consist of 20-22 gauge.
- Heavy duty full extension steel ball bearing slides on all Lateral File drawers.
- A mechanical interlock ensures stability for user safety on cabinets with roll-out drawers or shelves.
- Master keyed, core removable locks are included as standard; laterals may be keyed alike in the field.
- Four adjustable leveling glides included.
- Laterals files are 17 3/8" deep, and are available in 30", 36", and 42" widths.
- File drawers accommodate letter, legal, and A4 files.
- Drill location points for ganging/anchoring.
- The base is fully enclosed for the 3, 4, and 5 high cabinets.
- Dual side locking mechanism for added security.

Surface Materials:

- Finishes - All products are available in 50 standard colors. Select or custom colors are also available.
- Fabrics – Choices include 12 100% polyester solid colors from the C.F. Stinson New Hampstead collection. Fabric may be specified for cushion Mobile FileCenters, Cushion Pedestals, or Freestanding Desk Tack Boards. C.O.M. fabrics are also welcome.

See our Finish Card or Price Book for details.

Latitude Plus:

The best of quality and design...

- Latitude Plus Standard Lateral Files feature double-wall drawer fronts, sound deadening, and counterweight.
- Mobile FileCenter features transparent roller blade casters with either cushion or metal top.

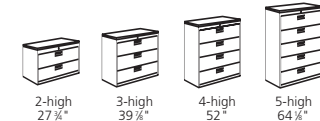

Accessories:

- File conversion bars (for filing front-to-back).
- Per ANSI-BIFMA, counterweights are required for 2, 3, and 4-drawer laterals to ensure stability if not otherwise anchored.
- Independent locking drawers. (Meets HIPAA regulations).
- Magnetic drawer or shelf dividers.
- Magnetic drawer labels.
- No-front option. Order our cabinets without fronts and apply your own substrate in the field.
- Magnetic dry erase boards.

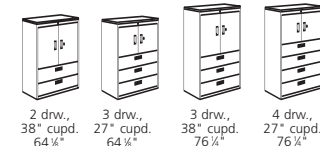

STANDARD LATERAL FILES

All 2, 3, and 4-high cabinets have 12" high drawer openings. The top opening on 5-high laterals features a door that flips-up to recede into the cabinet, revealing a roll-out shelf. The 5-high lateral is also available with an optional posting shelf.

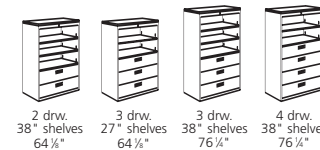

LATERAL FILE/STORAGE CABINETS

Standard lateral file with lateral drawers and integrated double door storage cupboard. Binder height storage is available on each adjustable shelf.

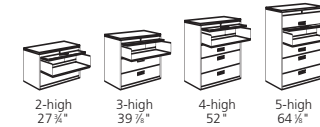

LATERAL FILE/OPEN SHELVES

Standard lateral file with integrated open shelves. Binder height storage is available on each adjustable shelf. Lateral file drawers do not lock.

12" RECEDING DOOR LATERAL FILE/ROLL-OUT SHELVES

All doors flip-up and recede into the cabinet, revealing roll-out shelves with 10" inside useable shelf height. Independent locking doors are available.

15" RECEDING DOOR LATERAL FILE/FIXED SHELVES

All doors flip-up and recede into the cabinet, revealing fixed shelves with 13" inside useable shelf height for binder storage.

Available with all drawer fronts except "I" drawer.

OVER STORAGE UNITS

Designed to be mounted on top of a lateral file, the OSU adds 24 1/4" to the overall height of the lateral. Provides horizontal alignment with standard lateral files. Includes 2 slide-by doors with one adjustable shelf, allowing for binder-height storage on one shelf.

FREESTANDING, SUPPORTING, MOBILE FILECENTERS®

Worksurface Supporting – no top.

Freestanding – includes metal top and counterweight.

Mobile – a Latitude Plus featured product. Available with a cushion or metal top and equipped with Latitude Plus upgrades and transparent Roller Blade casters.

FileCenters are 18 1/8" deep and 30 3/8" wide and include full extension steel ball bearing slides on 12" drawers and 3/4" extension on 6" drawers.
