

Office/conference workstation in Whitestone/Light Gray with panels in Vesta Hematite and Catalyst Luster with Charcoal trim, Tercero™ table in Natural Maple/Titanium (see pages 208-209), and Perpetual® chairs in Curfew Iron and Solo Wheat (see page 149).

Initiate®

PLAN FOR TODAY, BUT PREPARE FOR TOMORROW. You can create virtually any kind of configuration with Initiate®. You can establish private spaces and public spaces and spaces that seamlessly integrate the two. Best of all, you can change on a dime – Initiate® is that easy to reconfigure.

Paper management, with flat-profile support bar and lean accessories, provides easy access to frequently-used folders, papers and CDs.

Use perforated metal top tier panels in conjunction with clear or frosted glass top tier and fabric panels to customize your office setting.

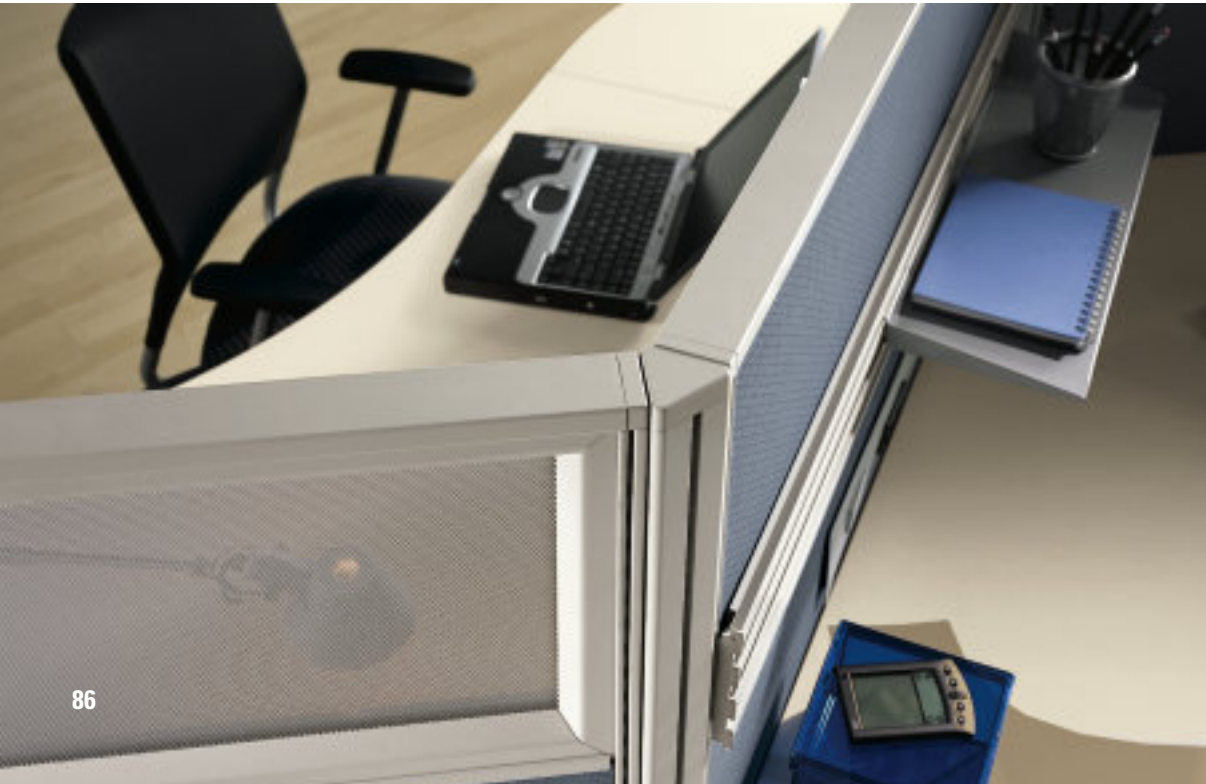

Flagship® storage towers and worksurfaces in White Aluminum (see page 179) with Initiate® panels in Catalyst Silver and Alaris™ chairs in Simple Textiles™ Sequel Rain (see page 149).

Split-level corner workspace places a keyboard tray at the optimum level for most workers – and saves valuable desktop space. Ergonomically designed workspace reduces fatigue and work-related strain.

Please see pages 94-99 for the large selection of products available in this series.

Reception station in Natural Maple/Tan with panels in Aeon Jute, Flagship® lateral files in Taupe (see pages 182-183) and Park Avenue Collection® reception seating in Chameã Chaps (see page 149).

120° Connectors and worksurfaces allow for unique solutions in the office environment.

Please see pages 94-99 for the large selection of products available in this series.

Initiate[®]

GET PERSONAL WITH YOUR PERSONAL SPACE. Our optional worksurface-height electrical and data option keeps you from having to crawl around under your desk looking for an outlet. Clear, frosted or perforated metal top tier panels offer the designer look without the designer price tag.

Worksurface-height electrical and data option provides plug-and-play convenience at the desk top.
