

Novartis Vaccines & Diagnostics

Date

Summer 2007

Design

Elkus|Manfredi Architects

Project

350 Mass Ave & 75 Sidney Street
Cambridge, MA

Scope

219 Workstations
15 Conference Rooms
Ancillary Furnishings

Office Resources, Knoll and Elkus|Manfredi worked extensively with Novartis to develop a custom workstation typical that accommodated the unique working habits of their diverse set of employees. The end result was a clean open space that encouraged collaboration and creatively gave them their required space and storage needs. The custom workstation pod planning created a design aesthetic that reflected Novartis Vaccines and Diagnostics innovative business.
