

## TSD: Building 2

### Project

1650 Turnpike Street  
North Andover, MA

### Date

November 2007

### Products

Hon Initiate  
Mayline Casegoods  
Sit-On-It Seating  
National

### Scope

25 Workstations  
5 Private Offices  
2 Conference  
Rooms

TSD converted one of their warehouses into office space using the Hon Initiate System with integrated glass. They also used the system to create a fully enclosed, panel-constructed private office. After the arrival of the initial product, TSD required a new layout. The versatility of the Hon system allowed for an easy reconfiguration. The cost effectiveness and mobility made it the ideal choice for TSD.
