Dear Janet,

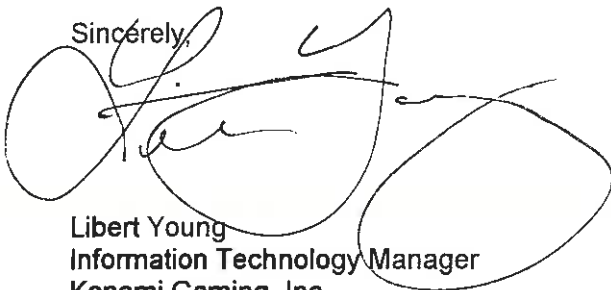

It has been a great pleasure and privilege to work with you on our copier replacement for Konami Gaming. We had been plagued with a lot of issues and high costs associated with our previous copiers and the service and costs we had been charged were not very effective for us. Your recommendations and your tireless work has paid off in dividends for us as we continue to save money and receive excellent customer service from your company each and every month. I am very happy to have found a company and a representative that comes through for the customer. I've always received excellent service from the copier techs and their knowledge of the copiers really shows.

Please extend our thanks and appreciation to your team including the copier technicians, training staff and the supplies ordering division as we have experienced top notch service from a top notch company.

Please feel free to use me as a contact should you require any reference for your prospects in the future. It would be my greatest pleasure in helping you as a way of saying thank you for all your outstanding service and high quality products.

Again, thank you for your outstanding service and continued support as we look forward to our continuing business with you.

Sincerely,

Libert Young
