

3900 Series

Goes Great with Work.®

3900 Series full-size contemporary executive seating features extended seat width and seat depth with contoured lumbar support for increased comfort. Generously proportioned, the collection includes executive and management height models with wood arms and upholstered accent or with pliable, durable black urethane arms. Wood chairs available in all finishes. All chairs feature pillow cushioning for soft, plush comfort. Standard swivel tilt mechanism includes tilt tension and pneumatic seat-height adjustments. Optional knee tilt control (shown on all models) allows full reclining with feet remaining flat on the floor for increased comfort through the range of motion.

Full Size. Contoured. Cushioned.
