HOME

David Edward has a long standing legacy of environmental stewardship. For greater than forty years our family's company has practiced conservation and sustainability while producing environmentally friendly furniture. Decades before the Green Wave, our tradition of minimizing waste and employing natural materials were established with concerns of our employees. Our in-house Industrial Design studio has dedicated years to researching environmental materials, exploring cutting edge solutions, and testing sustainable materials; resulting in our ability to produce low VOC, sustainable furniture that also meets David Edward's high design and quality standards.
